Our aim is to provide a service that meets our customer requirements in a timely manner. In support of this Ambitek will ensure that all necessary resources are available to maintain this Business Management System and to improve its effectiveness.

Quality objectives shall be established, both strategically and individually, throughout the business. These objectives shall be reviewed on a regular basis via regular management meeting and feedback both from and to personnel within the business.

We want all our people to be committed to quality, to recognise its importance, and to act accordingly and we recognise that it is our responsibility to provide them with the means and the motivation to do so.

We shall not rest on our achievements but will continue to make quality a fundamental part of our policy, strategy and operations. We recognise that customers expectations and perception of the quality of service we provide do not stand still and we are committed to meeting and exceeding wherever possible those expectations. To realise this commitment we will work with both our suppliers and customers to ensure the highest standards of quality are both achieved and maintained.
